Treasure Coast Regional Planning Council will host a public design Charrette to create a vision and plan for future train stations and related transit-oriented development in the City of Lake Worth.

Lake Worth – The Lake Worth Community Redevelopment Agency, City of Lake Worth, and the Treasure Coast Regional Planning Council invite all interested residents, property and business owners, and agency representatives to participate in a public design charrette (a series of public meetings) to create a vision and plan for future train stations and related transit-oriented development in the City of Lake Worth.

Date: Saturday, June 21, 2008 – Charrette Public Work Session

Location: Lake Worth Shuffleboard Court Building
1121 Lucerne Avenue
Lake Worth, Florida

The purpose of the charrette is to identify locations for future transit stations in the City of Lake Worth and explore redevelopment opportunities around those stations. In addition, the charrette will evaluate opportunities for downtown and neighborhood improvements. The event is free and open to the public.

Please direct any comments or questions on this charrette to Dana Little of Council staff at (772) 221-4060 or Email at dlittle@tcrpc.org.
