**GROUND BREAKING OF 10TH AVENUE NORTH GATEWAY
PROJECT IN LAKE WORTH**

The Lake Worth Community Redevelopment Agency (CRA) will be hosting a ground breaking ceremony of the 10th Avenue North Gateway construction project on Friday December 5th. The Gateway project was designed to provide residents, visitors and business owners an enhanced entrance to the City of Lake Worth. The CRA completed a similar project along 6th Avenue South in 2006. Once complete the project will feature new brick pavers, landscaped medians, new lighting features, pedestrian benches, neighborhood entry walls and a resurfaced roadway. In addition, all overhead utilities will be undergrounded and all existing water and sewer lines will be upgraded in order to provide enhanced dependable service to customers. The scope of this project is from 1-95 east to Dixie Highway.

The ground breaking ceremony will take place at 9:00am at the southwest corner of E Street and 10th Avenue North. Speeches from local officials will be followed by light refreshments. Parking is available along all side streets; however, car-pooling is strongly suggested.

For more information on the 10th Avenue North Ground Breaking Ceremony in Lake Worth please call the Lake Worth CRA office at (561) 493-2550 or visit www.lakeworthcra.org.

OUR MISSION

“The Lake Worth CRA is investing in our community to revitalize and rebuild our neighborhoods and commercial corridors. We are dedicated to maintaining the character of the City, responding to community needs and encouraging sustainable economic growth to improve the quality of life for our residents and the future health of our City.”
